

## MISSION STATEMENT

**The mission of Yahweh's Vineyard of Refuge is a multiple task endeavor.**

### ***Mission No. 1***

- Establishing and assisting already established Sabbatarian Assemblies behind prison walls
- Making contact with devoted worshipers and assisting them
- Advocating for them and teaching them of their religious and civil rights
- Taking the steps necessary to become recognized in their particular environment
- Through various programs, offer them personal and spiritual encouragement

Laws have been established by our great country through the United States Constitution, Bill Rights and all State Constitutions that give all Americans the right to worship in their faith. Yahweh's Vineyard of Refuge exists in part, to support our brothers and sisters in Yahweh in this endeavor, to be able to observe these rights.

Without assistance from the outside, it is sometimes difficult for these groups to accomplish this goal. Knowing that people in the free world care about them gives prisoners hope and encouragement to further their studies of Yahweh's truth through the Bible and makes them more dedicated and stronger people to do Yahweh's work upon release.

### **Mission No. 2**

Yahweh's Vineyard of Refuge exists to develop and provide an aftercare and halfway house program for Sabbath Keepers who show a willingness to learn scriptural truth and a desire to serve Yahweh.

Yahweh's Vineyard of Refuge is committed to fulfilling the Biblical mandate to make disciples of all nations. (Matthew 28:19) and to bring in the spiritual harvest; (John 4:35) By teaching and preparing the saints for the coming kingdom of Yahweh. We actively seek to create, promote and maintain a Sabbatarian community of believers inside and outside of the prisons we serve.

### **Mission No 3**

To train and educate these people to serve Yahweh outside the prison walls in whatever capacity, using skills Yahweh has gifted them with. Not only does Yahweh's Vineyard of Refuge want to see the offender live out a crime free life, we envision the offender giving back to the world through works such as helping the homeless, elderly, mentally ill and other much needed endeavors.

### **Mission No. 4**

Finally but not the least of importance is our prayer to Yahweh and our hope and goal to bring members of other Assemblies together in unity, to strive for a common goal. Individually we can accomplish some things, but in unity we can accomplish much more. We hope to build a bridge of friendship so that we can share our love for Yahweh with everyone..
